- Design, management, and manipulation of SQL databases.
- Software development using AngularJS.
- Teamwork and effective communication towards common goals.
- High adaptability to new technologies and work environments.
- Effective time management and ability to work under pressure.

EDUCATION

University Technician in Software Development UNLAM - 01/2022 - Present

Training to lead, design, and develop projects in mobile systems for both Android and iOS. Acquired relevant skills in the field, including the use of Kotlin, Firebase, SQL, and Android Studio.

Frontend Developer - AngularJS CODERHOUSE - 11/2021 - 09/2022

I gained solid skills in web development using technologies such as HTML, CSS, and JavaScript. I also specialized in the use of frameworks like AngularJS to create scalable and high-quality web applications.

WORK EXPERIENCE

Frontend Developer TIBÓ TECNOLOGÍA - 02/2022 - Present

I contributed to the development of a web application based on Angular and NestJS, which functions as a B2B marketplace for fresh food merchants. This role allowed me to apply my technical skills in a dynamic work environment, while also expanding my knowledge in frontend development and gaining experience in large-scale projects. I learned to work as part of a team, tackle technological challenges, and adapt to a constantly evolving product.

Web Developer FREELANCE - 12/2021 - 02/2022

I managed to combine my technical skills with the ability to work independently. This allowed me to apply my knowledge in creating custom websites, as well as continue learning and improving in the field of web development.

Team Lead - Commercial Executive WINIM - 05/2019 - 06/2020

I developed skills in sales, leadership, and team building. Additionally, I demonstrated my ability to work effectively in various environments, from in-person work to remote team management.
